

Summer SAT and PSAT Prep

Get Ahead with Summer SAT and PSAT Prep!

SAT Prep during summer is ideal because students can focus solely on their SAT lessons and homework. A typical SAT Prep course requires *at least* 2 hours of homework for every 2 hours of instruction.

Students entering grades 10–12 in Fall 2010 may enroll in as many sessions as needed:

- 10th grade students will receive 5 English (Reading and Grammar) and 5 mathematics lessons for a total of 20 hours of instruction per session.
- 11th and 12th grade students will receive 8 English (Reading, Grammar and Writing) and 7 mathematics lessons for a total of 30 hours of instruction per session.
- Each session will consist of unique lessons and all classes will be small to ensure personalized attention (4 students max per class).

Session 1 - \$750

11th Grade

July 12 – 30 (M-F)

3pm to 5pm

Session 2 - \$550

10th Grade

July 19 – 30 (M-F)

5:30pm to 7:30pm

Session 3 - \$750

11th Grade

August 2 – 20 (M-F)

11am to 1pm

Session 4 - \$750
